3.4 Consensus (FMA 7.3.13).

With respect to those matters that must be presented to the Steering Committee, the parties intend that every effort should be made to have each such matter approved by a consensus of the Members. Consensus is reached when it becomes evident through deliberation that every Member, at the very least, does not oppose a decision. In its deliberations, the Steering Committee shall use appropriate tools for developing consensus, and shall seek to exhaust every reasonable and practicable effort to reach consensus.

A. In the absence of a consensus, the Chair shall determine, pursuant to section 7.3.14 of the FMA, whether there is sufficient opposition to the proposed action to constitute a Dispute. If the Chair determines there is a Dispute, until the dispute resolution process as herein described is completed, or the Dispute is otherwise resolved, the Program Manager shall not implement any action or decision which is the subject of the Dispute.
B. In the absence of a Dispute, the decision of the Program Manager shall be final.

3.5 Existence of Dispute (FMA 7.3.14).

A. A Dispute exists where either (i) any one of the three state Participant Groups, or (ii) an aggregate of at least six (6) votes, oppose a proposed action of the Program Manager as described in section 7.3.12 of the FMA. In the event of a Dispute between any of the Federal Parties, representatives of the Federal Parties shall meet to resolve any such difference, as a supplementary approach to the provisions of the FMA.

3.6 Resolution of Disputes (FMA 7.3.15).

3.6.1 Informal Dispute Process. After a vote of the Steering Committee, the Chair will determine whether a Dispute exists pursuant to the provisions of section 7.3.14 of the FMA. In the event that a Dispute exists, the informal Dispute process shall be initiated pursuant to section 2.7 of the FMA. The dissenting Members, singly or jointly, shall furnish to the Program Manager and each other Member, a written request to initiate the informal Dispute process. This request must, with reasonable specificity, identify the issue(s) in dispute and the relief sought. If such a request is not received by the Program Manager within ten (10) days after the initial vote that determined the existence of a Dispute, the Dispute shall be deemed to be abandoned.

Any other Member may submit written comments to the Program Manager regarding the Dispute. The Program Manager shall work with the Members of the Steering Committee to
attempt to resolve the informal Dispute prior to the Steering Committee meeting. In the event
that such efforts are not successful, the goal of the Steering Committee meeting is to: (i)
resolve the Dispute or (ii) narrow the issues(s) in dispute so that consensus, as defined in
section 7.3.13 of the FMA, to move forward can be achieved on as many parts as possible of
the proposed action under consideration. At this Steering Committee meeting, after an
opportunity for full discussion and consideration, the Chair will call for a vote, pursuant to
section 7.3.14 of the FMA, to determine if a Dispute still exists. Any continuing Dispute shall
be considered a formal Dispute and shall follow procedures of section 7.3.15(B) of the FMA.

3.6.2 Formal Dispute Process. Members representing: (i) any one of the three
state Participant Groups or (ii) an aggregate of at least six (6) votes, may appeal the informal
Dispute by signing and furnishing to the Regional Director, the Program Manager, and each
other Member, a written request to initiate a formal Dispute. This request must, with
reasonable specificity, identify the issue(s) in dispute, the relief sought, and any supporting
documentation. If such request is not received by the Regional Director within ten (10)
Days after the vote that determined the existence of a formal Dispute, the formal Dispute shall
be deemed to be abandoned. Within thirty (30) Days after receiving the request, the Regional
Director shall issue a written decision on the Dispute. This decision shall be promptly provided
to all Members.

3.6.3 Appeal Process. Members representing: (i) any one of the three state
Participant Groups or (ii) an aggregate of at least fifteen (15) dissenting votes may appeal the
Regional Director’s decision, by signing and furnishing to the Secretary, the Regional
Director, the Program Manager, and each other Member, a written request. This request
must, with reasonable specificity, identify the issue(s) in Dispute, the relief sought, and any
supporting documentation. If such a request is not received by the Secretary within fifteen
(15) days after receiving the Regional Director’s decision, the Regional Director’s decision is
final.

The Secretary shall, after appropriate consultation, issue a written determination regarding
the Dispute on appeal from the Regional Director. The decision of the Secretary shall be
final, subject to consultation with the Administrator of the Western Area Power Administration with respect to a Dispute involving Western.

Representatives of that Participant Group who are present or participating by telephone and the numerator of which is five (5); provided, however, that no Voting Representative shall have more than one vote. Voting by Proxy is not permitted. A Voting Representative may represent more than one Member in a Participant Group and may cast separate votes for those Members.
